Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Saturday 09 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cloudier and less cold tonight with a little rain.

This Evening and Tonight:
Dry but largely cloudy at first, with perhaps some cloud breaks for southern areas and localised frost. Remaining cloudy overnight with outbreaks of light rain arriving, along with widespread hill fog. Minimum temperature -1 deg C (30 deg F).

Sunday:
Cloudy across the Pennines with hill fog and outbreaks of light rain and drizzle. Elsewhere gradually becoming dry, with perhaps some bright spells developing. Breezy and less cold everywhere. Maximum temperature 6 deg C (43 deg F).

Outlook for Monday to Wednesday:
Monday windy, milder with persistent rain across the Pennines, patchy rain elsewhere. Tuesday, cold and dry with sunny spells and light winds. Wednesday, rain and possible transient snow.
